<https://www.chemicalsallied.com/>

Chemicals & Allied Products was established in the year 1974. We are a leading **Manufacturer of Insecticides, Weedicides, Fungicides, Bio Insecticides, Plant Growth Regulators, etc.**

## About Us

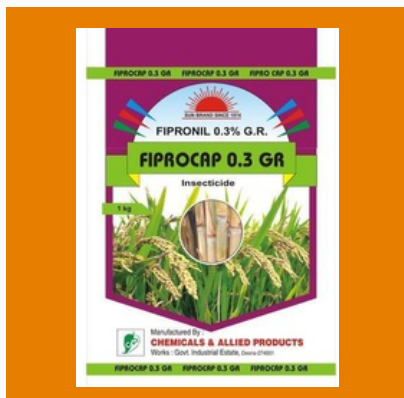

**Chemical & Allied Products** was established in the year **1974**. We are leading **Manufacturer and Exporter of Agricultural Herbicides, Agricultural Insecticide, Systemic Fungicides, Agricultural Weedicide, etc.** An insecticide is a pesticide used against insects. They include ovicides and larvicides used against the eggs and larvae of insects respec.

These are used in agriculture, industry and the household. The use of insecticides is believed to be one of the major factors behind the increase in agricultural. These products are toxic and highly effective for killing various types of insects, termites and others. Available in liquified form as well as in powder form, we offer our customers these insecticides in customized packaging at nominal prices.
